Mr. Don Dickerson  
Gillig Corporation  
Box 3008  
Hayward, CA 94540-3008

Dear Mr. Dickerson:

Attached is the information which you have requested regarding the location of each 370 motorhome sold to our dealer network and/or retail customer.

Also, enclosed is the bracket which is used for the fuel pump. Your field reps have approved the relocation of the fuel pump, which is just forward of the fuel tank. Each 370 has the oak flooring in the galley as a standard feature.

My office would appreciate prior approval of any written communication to either our dealer or retail customers. Thank you for your continuing corrective actions to your Gillig chassis.

Sincerely,

*Frederick P. Foth*  
Frederick P. Foth  
Director of Operations
