

ARGOSY...ONE BUS SERVES BOTH NEEDS

SAFETY FOR THE HANDICAPPED

CONVENIENCE FOR OTHERS

The popular Argosy compact passenger bus features an exclusive two-in-one step that becomes a handicap ramp at the touch of a button. Thus wherever the bus travels, whatever kind of passenger wants to board, just one Argosy bus serves everybody's needs. Argosy's unique two-in-one step/ramp is power-operated both up and down. This new handicap feature is an important improvement in public transportation. Argosy offers convenience to the community and economy to the municipality. *Argosy, built and backed by Airstream, with over forty years of experience in aluminum vehicle technology.*
